

Follow-Up Notice of Non-Response

Dear Jaap,

This is a formal follow-up to the Notice of Liability originally delivered on June 25, 2025. Please see the message below for reference, which includes the previously sent lien notification.

My updated message is provided here, outlining the final opportunity to resolve this matter in peace and honor before it escalates further:

Dear Jaap,

cc: the Community

I'm writing to acknowledge your WhatsApp message that was sent earlier this week, which included the song "Short People."

It brought up memories, and I want to acknowledge that with sincerity. I truly wish we were back in a time before this conflict — before miscommunications, before silence, and before lawful remedy became necessary. Pursuing a legal process was the very last thing I ever wanted between us.

But in the absence of response, responsibility, and respect, it has become necessary to protect myself and restore balance through peaceful, firm, and lawful means.

This letter is issued in good faith under Natural Law, and in continued hope that an honorable and private resolution is still possible.

Summary of Standing

The NOL delivered on June 25, 2025 outlined:

- Emotional, psychological, and legal harm
- A request for your response or rebuttal
- A peaceful option to resolve the matter privately

To date, no formal response has been received.

Symbolic gestures, music, or indirect messages do not fulfill the lawful or contractual obligations of remedy or rebuttal.

The matter remains open and active.

Final Opportunity to Cure

You are now being provided 7 days from the date of this notice — until July 17, 2025 — to respond in writing and in good faith.

Failure to respond will result in the following:

1. A Notice of Default will be issued and formally recorded
2. The original NOL, including its terms and fee schedule of \$1,088 per minute, will be deemed tacitly agreed to
3. Escalation through further private affidavits, lawful invoicing, and—if necessary—civil enforcement procedures

Closing

This is not an attack.

It is a final opportunity to restore peace, truth, and accountability — privately, respectfully, and lawfully.

Should you choose not to respond, I will move forward accordingly under the jurisdiction of Natural Law, God's Law, and the private standing of the Freedom Collective Foundation, PMA.
